

Advanced course in missing data

Timetable¹

Tuesday 21st September 2004

Time	Room	Session
9.00	Atrium, Keppel Street	Registration & photographs
9.30	Bennett Room	Session I: Welcome, revision, and introduction to modelling with missing data
10.15	—	Short break
10.30	Bennett Room	Session II: Model based sensitivity analysis
11.15	—	Coffee
11.45	LG 31	Computing session I: Modelling and sensitivity analyses
1.00	—	Lunch
2.00	Bennett Room	Session III: Multiple imputation: Revision
2.45	—	Short break
3.00		Session IV: Multiple imputation methods for categorical and discrete data
3.45	—	Tea
4.15		Computing session II: Multiple imputation for categorical and discrete data
5.45	Conclusion	
6.15	Dinner in local restaurant	

Wednesday 22nd September 2004

Time	Room	Session
9.00		Session V: Multiple imputation for longitudinal data
10.00		Session VI: Sensitivity analyses with multiple imputation
10.45	—	Coffee
11.15		Computing session III: Multiple imputation for longitudinal data
12.30	—	Lunch
1.30		Session VII: Weighting and doubly robust methods
2.15	—	Short break
2.30		Session VIII: Consultant's forum
3.15	—	Tea
3.45		Computing session IV: Doubly robust estimators
5.00	Depart	

¹Please note, that as the workshop is free, you will have to buy your own coffee, lunch and tea. The School's canteen is close to all the teaching rooms.
